

## 5 Design It

It's time to start sketching, drawing, doodling, noodling, rendering, & wire framing!

## Activity

This week's activity:

### Water Pollution Cleanup

Use the QR code to watch the Chats with Change Makers episode that links with this activity.

Use this QR code to find the Activity Guide!

## 6 Build It

Now that you have your sketch, it's time to build!

## 7 Test, Improve, Redesign

You have a working model. Now try to break it!

## 8 Share It

Now that you have a tested, redesigned, and final project: tell people about it!

If valuable feedback is shared: consider going back to Test, Improve, Redesign, and Build it!
