

Thank you for your feedback!

Here is what we heard...

You said we are good at:

Showcasing Careers

93.75% of respondents agree that their students are **more interested in engineering careers** after watching Chats with Change Makers!

Diverse Role Models

*"Connecting students to **real-world voices.**"*

*"**diversity of presenters, demographically, professionally**"*

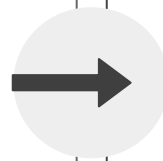

You said we can improve:

Communication

Provide more opportunities for students to ask questions in advance.

Age-Range

Expand reach to include more high school students.

Here are our changes in response to your feedback!

Sending Additional Reminders

We will include reminders in all our communications to send advance questions to social@discovere.org.

Increasing High School Outreach

We will reach out directly to more high school educators & partner with SHPE Jr. & Future City programs.

"There is a variety of participants which shows students many possibilities for careers." - Educator Participant

If you have any questions or comments, please contact us at social@discovere.org. We'd love to hear from you.
